

Producepak

Our goal is to make success stories of our clients. Listen to their needs; anticipate and predict solutions that make every day operation more efficient.

Clients

Our clients are typically medium to large sized companies that are innovative leaders in the food & fresh produce & food spaces, striving for better quality and service for their customers, with an interest in perpetual improvement of efficiency & food safety.

Global coverage since 2001

Producepak, and its subsidiaries have established partners in multiple countries, providing a global network of expert training, installation, and support services. Offices in USA, Australia, and Kenya deliver support services, with regional partners providing coverage in other countries.

Our team

Our team includes expert designers that provide design and analysis services and are highly experienced in multiple vertical markets. This knowledge delivers superior solutions for our clients by delivering maximum efficiency and performance.
